**High Park Stewards Native Plant Sale**

**Sale Location:** In front of the High Park Greenhouses. (Plants for sale are subject to availability.) For more information go to www.highparknature.org or email stewards@highparknature.org.

The plants in this sale are grown in the High Park greenhouses by volunteers as part of the High Park Stewards program. They are sold to encourage the use of native plants in home gardens and are perennial, except where noted. You can learn about the plants in the rare black oak ecosystem in High Park, and help restore its ecosystem by joining High Park Stewards events. This list is subject to plant availability.

### Cardinal Flower (Lobelia cardinalis)
- Clusters of red flowers at top of single stem.
- Long, oval stems. Height: 2 to 4 feet (60 to 120 cm)
- Bloom: Aug to Sept

### Golden Alexander (Zizea aurea)
- Flat-topped clusters of tiny yellow flowers.
- Drought-tolerant. Height: 1.5 to 2.5 feet (40 to 75 cm)
- Bloom: May to Jul

### Running Strawberry Bush (Euonymus obovata)
- Groundcover with small, brown flowers.
- Red-orange fruit in fall. Height: 12 inches (30 cm)
- Bloom: May to Jun

### Wild Bergamot/ Beebalm (Monarda fistulosa)
- Showy lavender/mauve flowers at top of tall stem. Grows in clumps.
- Height: 2.5 to 3 feet (75 to 90 cm)
- Bloom: Jun to Jul

### Mitrewort (Mitella diphylla)
- Small white, bell-shaped flowers on tall stalks.
- Height: 10 to 16 inches (25 to 45 cm)
- Bloom: Apr to May

### Wild Columbine (Aquilegia canadensis)
- Red and yellow flowers, showy and delicate.
- Height: 1 to 2 feet (up to 45 cm)
- Bloom: Late May

### Sun/Shade

#### Cardinal Flower (Lobelia cardinalis)
- Clusters of red flowers at top of single stem.
- Long, oval stems. Height: 2 to 4 feet (60 to 120 cm)
- Bloom: Aug to Sept

- Large, heart-shaped leaves.
- Height: 6 to 8 inches (15 to 20 cm)
- Bloom: May to Jun

---

Sunday May 7, 2017 | 11 am - 2 pm
Sale Restriction: For fairness, the maximum number of plants available per person before 1:00 pm is restricted to small orders. After 1:00 pm, larger orders can be filled, depending on the number of plants available.

### FULL SUN

**Black-eyed Susan** (Rudbeckia hirta)
- Bright yellow flower with black centre. Self-seeding, can be invasive.
- Height: 1.5 to 2 feet (45 to 60 cm)
- Bloom: Jun to Oct

**Cup Plant** (Silphium perfoliatum)
- Large, daisy-like flowers on square stem. Leaves form cup around stem.
- Height: 6 feet (2 m)
- Bloom: Jul to Sep

**Field Pussytoes** (Antennaria neglecta)
- Small, white fluffy flowers resembling cat's paws.
- Height: 1 foot (30 cm)
- Bloom: Apr to Jun

**Great Blue Lobelia** (Lobelia siphilitica)
- (also called Blue Cardinal Flower)
- Blue flowers with white markings. Self-seeding and grows in clumps.
- Height: 3 feet (90 cm)
- Bloom: Aug to Sep

**Hairy Beardtongue** (Penstemon hirsutus)
- Clusters of trumpet-shaped, blue/purple flowers along straight stems.
- Height: 1 to 3 feet (30 to 90 cm)
- Bloom: Jun to Jul

**Harebell** (Campanula rotundifolia)
- Small violet-blue bell-like flowers and pale green, arrow-shaped leaves.
- Height: 1 feet (30 cm)
- Bloom: Jun to Oct

**Hoptree** (Ptelea trifoliatum)
- Deciduous shrub with spreading stems and broad crown. Small yellow-green flowers.
- Height: 26 feet (8 m)
- Bloom: May to Jun

**Little Bluestem** (Schizachyrium scoparium)
- Drought-tolerant grass. Flat leaves with white seed stalks.
- Height: 3 feet (100 cm)
- Bloom: Oct

**Mountain Mint** (Pycnanthemum montanum)
- Clusters of white flowers with purple spots.
- Height: 1 to 2.5 feet (20 to 75 cm)
- Bloom: Jul to Sep

**New England Aster** (Aster novae-anglia)
- Purple flowers with orange centers. Self-seeding and drought-tolerant.
- Height: 3 to 4 feet (90 to 120 cm)
- Bloom: Jul to Sep

**Nodding Wild Onion** (Allium cernuum)
- Hanging ball of white, cream and pink flowers at end of stem.
- Height: 8 to 12 inches (20 to 60 cm)
- Bloom: Jul to Aug

**Pearly Everlasting** (Anaphalis margaritacea)
- Small white flowers with yellow centers. Self-seeds.
- Height: 1.5 to 3 feet (46 to 90 cm)
- Bloom: Jul to Sep

**Prairie Smoke** (Geum triflorum)
- (also called Old Man's Whiskers)
- Drooping purple and pink flowers. Seedheads resemble smoke.
- Height: 8 to 12 inches (20 to 30 cm)
- Bloom: Apr to Jun

**Purple Coneflower** (Echinacea purpurea)
- Showy purple flower. Self-seeding. Resistant to deer.
- Height: 3 feet (90 cm)
- Bloom: Jun to Oct

**Spotted Joe Pye Weed** (Eupatorium maculatum)
- Clusters of small, light purple flowers in flat clusters on tall, purple-spotted stalks.
- Height: 6 feet (2 m)
- Bloom: Jul to Sep

**Switchgrass** (Panicum virgatum)
- Ornamental grass with fine, pink-tinged flowers. Grows in clumps.
- Height: 3 to 6 feet (90 to 180 cm)
- Bloom: Jul to Feb

**Tall Bellflower** (Campanula americana)
- Showy, blue bell-shaped flowers on tall stalk. Biennial.
- Height: 3 to 6 (90 to 180 cm)
- Bloom: Jun to Aug

**Tuffed Hairgrass** (Deschampsia caespitosa)
- Yellow-brown grass with tufted seedheads. Grows in clumps.
- Height: Up to 4 feet (150 cm)
- Bloom: May to Aug

**White Upland Goldenrod** (Solidago ptarmicoides)
- Daisy-like white flowers clustered at top of stems.
- Height: 10 to 12 inches (25 to 30 cm)
- Bloom: Aug to Sep

### FULL SUN/PARTIAL SHADE

**Purple Coneflower** (Echinacea purpurea)
- Showy purple flower. Self-seeding. Resistant to deer.
- Height: 3 feet (90 cm)
- Bloom: Jun to Oct

**Blazing Star** (Liatris spicata)
- (also called Gay Feather)
- Bright purple flowers forming dense wand of small blossoms.
- Height: 1 to 4 feet (30 to 120 cm)
- Bloom: Jul to Sept
